Hohmann

Customs and Trade

Comment: A firm highly recommended for customs and trade, which is profiting from rising demand. Alongside some well-known clients such as Fresenius, Hohmann also advises numerous Mittelstand companies from various sectors such as IT, engineering, plant construction, electronics and medical technology. Dr. Harald Hohmann regularly advises on voluntary declaration of customs/trade law violations and represents companies against unfavorable Federal Office of Economic and Export Control decisions. Changes to the Iran embargo raised demand for the review of sanction lists and US components of goods. Due to extensive experience, the firm

boasts a useful network of international firms and contacts to authorities, incl. Japan. (1 partner, 3 associates, 2 of counsel)

Clients:

- **Clariant** on expansion of business in Iran and Gulf states;
- **EagleBurgmann** on Iran business;
- **Huawei** on export-relevant processes, incl. technology transfer to China;
- **Fresenius Medical Care** on deliveries to Cuba and Iran (US and EU);
- **Huawei** on transfer of high-tech technology to China.
